

*Bonnie Knight*  
Yuma County GOP Secretary

Bonnie Victoria Wynn Knight, though born in Marin, California, has lived in Arizona most of her life. From Somerton during her first 7 years to Yuma proper Bonnie made and kept many friends while attending grade school at Palmcroft, then Gila Vista Jr. High, and finally graduating from Kofa High School.

To this day she has friends she's known for 60 + years. In fact, she didn't know it then but one of those friends would turn out to be her present husband, Gary Knight. Gary has been a Yuma City Councilmember for 9 years and was just reelected for four more.

Although Bonnie has lived other places during her life, to her, there is no other place with its particular feeling of spaciousness, unique beauty, and freedom. It feels like the last bastion of the friendly, down home goodness of folks that look out for and step up for one another; where we can still ride down country roads by horseback or car.

We can hunt and fish, or just go out and plink at cans. It has always been her desire to protect and preserve our second amendment rights, our right to vote, free speech, and all other freedoms and rights our Constitution gives us.

As a lifelong republican, Bonnie has never missed an opportunity to vote and strives to learn all she can to promote the values and ideals of the party. To this end, Bonnie has volunteered as the Yuma County Republican Secretary for six years and was just reelected for two more.
